

ISD 279 Resident:

Every public school district in Minnesota is required by law to maintain a school census. The census, in addition to providing the required data for the annual State Census Report, serves as a major database for school district operation. Information gathered through enumeration is used for population projections, districtwide mailings, and the incoming Kindergarten student process.

Please return the completed document in the enclosed self-addressed envelope at your earliest convenience. If you have questions, please contact the Information Systems Office, (763) 391-7056. Thank you.

FAMILY CENSUS RECORD
