

Volunteer

The Osseo Area Schools volunteer program builds community, supports student success and inspires people to excel by encouraging parents, student, and community involvement through meaningful volunteer work in our schools.

We want community members to get involved! No level of involvement is too little! Both day and evening opportunities are available. To be considered please complete an application.

Each school year, every individual interested in volunteering in Osseo Area Schools must complete a Volunteer Application. This form lets us know where you are interested in volunteering and what opportunities interest you. By completing the application, you are not committing to volunteering; rather, it starts a conversation with us about potential volunteer opportunities.

Upon receipt of your application, the volunteer coordinator will contact you to discuss placement opportunities and training.

For more information on volunteering in Adult Basic Education, please contact our volunteer coordinator: [Marlene Stumpf-Johnson](#) or call 763.585.7371.
